

**Faculty Position in Research Center for Ultra-High Voltage Electron Microscopy,
Osaka University**

Outline	Research Center for Ultra-High Voltage Electron Microscopy, Osaka University is now inviting applications for a Professor committed to research and educational activities in the field of electron microscopy theory.
1. Position	Professor
2. Number of Positions	1 (One)
3. Affiliation	Research Center for Ultra-High Voltage Electron Microscopy
4. Work Location	Suita Campus (7-1 Mihogaoka, Ibaraki, Osaka, Japan)
5. Specialized Field	Electron microscopy theory
6. Responsibilities	The mission is building of the basic science of advanced characterization based on transmission electron microscopy theory and research on the utility of ultra-high voltage electron microscopy. Quantitative evaluation of image contrast by the multiple scattering phenomenon of high energy electron beams in a thick film material based on the theoretical and experimental analysis of transmission electron microscope imaging, and its application field are the research targets. Based on ultra-high voltage electron microscopy, education and research to contribute to the academic development of electron microscopy and the realization of innovation, which are characterized by the development of a new electron beam imaging method using phase information, are requested in the job. Additionally, as a member of joint-use research facility at the university, it is essential to have the ability to engage in research support works such as electron microscope observations for users inside and outside the university.
7. Qualifications	[Essential] An applicant must have: (1) Ph.D. or equivalent in related field/s (2) Outstanding research results in specialized fields and ability for teaching at graduate and undergraduate level. (3) Ability to communicate in Japanese at a conversational level (4) English language ability sufficient to fulfill one's work duties
8. Starting Date	April 1st, 2021 (or as soon as possible thereafter)

A Curriculum Vitae (photo attached) *Please use the university form available at the following website. https://www.osaka-u.ac.jp/en/news/employ/en/news/employ/academic_staff/index.html 2. List of research achievements and academic publications (Please classify publications into categories such as [1] original papers, [2] international conference papers, [3] review papers, tutorial papers, [4] books, [5] patents and [6] others. Indicate the h-index and the total citation number of the applicant, as well as the impact factor, the citation number and FWCI of each paper.) 3. Five or less separate prints of your major original papers (photocopies acceptable) 4. Activities in academic societies, international conferences, and general societies 5. Titles and outlines of prizes or awards you have received. 6. Grants received in the last five years (Indicate whether you receive/d them as a research representative or a co-researcher) 7. Content and achievements of your major research projects and their educational activities (to two A4-size pages) 8. Research plans and a statement of educational aspirations (to two A4-size pages) 9. Names and contact information of three references <p>*Personal information in the application documents will only be used for the purpose of screening and hiring procedures, and will not be disclosed to any third party. *Submitted application documents will not be returned.</p>
15. Mailing Address and Contact Information	<p>(By postal mail) Hidehiro Yasuda (Director, Professor) Research Center for Ultra-High Voltage Electron Microscopy, Osaka University 7-1 Mihogaoka, Ibaraki, Osaka 567-0047, Japan</p> <p>*Write 'Application for faculty position' on the envelope in red ink. *Send application documents by registered mail.</p> <p>Contact Person: Hidehiro Yasuda Tel: +81-6-6879-7941 E-mail: yasuda@uhvem.osaka-u.ac.jp</p>
