*Brisbane, Australia*

## JOIN US IN BRISBANE!

The 13th Asia Pacific Microscopy Congress 2025 (APMC13) will bring the world of scientific imaging and microanalysis together in Australia's New World city - Brisbane. Embedded in Asian & Australian Indigenous Culture and Tradition, the Committee of Asia Pacific Societies for Microscopy (CAPSM) will present the 13th Asia Pacific Microscopy Congress (APMC13) to establish a balanced programme of light, ion and electron microscopy and imaging spectroscopy in physical, material and life sciences. Microscopists, scientist, manufacturers, and suppliers will come together to share new instrumentations, techniques, workflows, applications, and technologies.

The conference will include oral and poster presentation sessions, trade show and workshops, pre- and post-conference workshops, Special Interest Group meetings and social events.

**Call for interest groups, pre/post congress workshop topics**
